

What's New?

Reports

- Work Order Cost Summary by Subcontractor Report now itemizes the cost records by Parts, Labor, Miscellaneous, and Tax.
- Vendor address will now always display properly on the Purchase Order report.

Dashboard

- Dashboard now allows for Hotspot properties to be copied from one Hotspot and pasted to another.
- Work Order status will now display on the Calendar for Open Work Orders.

Log File Changes

- Import Utility will now track errors and write to only the Import Log.
- Department Imports will now log critical errors to the Application Log.
